The 1956 Buick SPECIAL 4-Door, 6-Passenger Estate Wagon

TN NO uncertain terms, this one makes your travel hours prideful as well as practical.

It's all Buick, you see - all 1956 Buick.

Which means a new lift to anyone's spirit - from the new sweep-ahead look of it - the new might of its 322-cubic-inch V8 engine raised to lofty new power highs - the new sizzle of its advanced Variable Pitch Dynaflow* - the true sweetness of its great new ride.

But it's a lot more than that.

It's Buick's highly versatile Estate Wagon - now substantially lowered in price for 1956 - and how much more practical can you get than that?

Get 4-Season Comfort in your new Buick with FRIGIDAIRE CONDITIONING - now at a new low

For with this one, and for an easy-to-reach figure you have a car with all the suavity of a smart sedan plus the all-duty handiness of a suburban vehicle. You have a car completely steel-bodied, so its exterior upkeep stays simple and inexpensive—and a roomy car to carry six, plus gear.

You have a covered platform that's plain wonderful. It can take an inflated air mattress for sleeping. It can freight a small rowboat and camp equipment. It can hold luggage, or golf clubs and such - or the results of a mad shopping spree, even if you go in for antique furniture.

You can even have the rear seat come, at your option, in a handy split-section that lets you carry both rear-seat passengers and extra-long loads like skis, or fishing rods, or young trees, or two-by-fours.

So what more can we say, except come see it.

The Estate Wagon is available in Buick's two lowest-priced Series - the budget-tagged Special, and the high-powered Century. And, we repeat, both newly lowered in price for 1956.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century-optional at modest extra cost on the Special

for more miles per gallon...more miles per quart

plus: instant starts.x.fast, fuel-saving warmup...complete engine protection

Gulf No-Nox Gasoline burns clean

Here's proof: Note the black deposit on plate at left, caused by the "dirty-burning tail-end" of gasoline—the part Gulf refines out in making New Super-Refined NO-NOX. But see how clean new NO-NOX leaves the plate at right. Now-in your own new 1956 car—see how clean-burning NO-NOX can give you more miles per gallon in the short-trip, stopand-go driving you do most.

Gulfpride Select Oil works clean

Here's why: Most conventional oils are refined only to the stage shown in A. But New Gulfpride Select is further refined by the Alchlor Process—removing up to 15% more of the carbon-formers, in B... C contains the new superrefined oil that gives you more miles per quart because it has natural viscosity (body)—contains no artificial thickeners that break down in service.

PHANTOM BUZZ SAW

KEY WEST, Fla. (AP) -- An elderly housewife telephoned police that somebody was cutting his way into her home with an electric saw. At the scene, police found nothing but she insisted she still heard the saw. Then the officers noticed she was wearing a hearing aid that emitted a sound similar to a buzz saw in operation.

MISSOULA, Mont. (AP) - If a thief tries to shoot something with the pistol he stole from Roosevelt Approved by School, he will be surprised at the result. Police said it was a blank revolver used by starters State of Illinois
